Dear Dave:

Just a note to thank you for the outstanding professionalism of your work over the last ten plus years.

It's a pleasure and a relief to know that once a call is made to you, the work will be done without any worry of follow-up. Further, in all of these years, not one person has ever complained about the quality of your work.

I am so glad that you have become our "official tuner". You are a delight to work with and a professional in the finest sense of the word.

Sincerely,

M. Sue Hood
Director of Student Activities
